pH Raiser: Raises pH level. Dose rate 40gm per 1,000lt
Sprinkle a little powder on sponge and wipe around walls of spa.
If powder falls into water, it will not affect spa water.

If, after heavy use the water remains slightly cloudy next day or has any odour,
Dose 40grams of Booster, 10ml of Clarifier, run and clean the filter.

If adding Enviro Spa Booster, check the pH after filter has run 1hr.

If this fails to clear the water, see instructions on how to clean a dirty spa on our website.

NOTE:

More than 3 persons three times a week, dose the spa 20gm Enviro Booster Powder

And

10ml Bio Blu mid week.
